The diagram illustrates two separate game trees, each representing a sequence of decisions and chance events in a game.

Top Game Tree:

- Node 13:** A choice node where a player can choose **KREFT** or **ZIĘBA**.
- Node 14:** A choice node where a player can choose **MAZEK** or **PISAREK**.
- Node 19:** A chance node reached from both Node 13 and Node 14. It branches into:
 - PISAREK** (00s1 - 10)
 - CZERMANOWICZ** (18)
- Node 21:** A chance node reached from Node 19 (via the CZERMANOWICZ branch). It branches into:
 - CZERMANOWICZ** (00 - 10)
 - An unlabeled branch.

Bottom Game Tree:

- Node 15:** A choice node where a player can choose **WADYCH** or **KOZŁOWSKI**.
- Node 16:** A choice node where a player can choose **ŁADOSZ** (the only labeled option).
- Node 20:** A chance node reached from both Node 15 and Node 16. It branches into:
 - WADYCH** (10 - 00s1)
 - YEHORCHENKOV** (17)
- Node 22:** A chance node reached from Node 20 (via the YEHORCHENKOV branch). It branches into:
 - YEHORCHENKOV** (00 - 10)
 - An unlabeled branch.
